

Year 5 Home Learning Summer 1 – Volcanoes

- Children should complete at least 20 points worth of home learning. They can record their activities in their home learning book.
- They must complete at least one activity from ‘I enjoy reading, writing and speaking’ and ‘I enjoy being mathematical and scientific’.
- Photographs of practical projects are welcomed and can be incorporated into their book if you wish to do so.
- Please shade in the projects that you have undertaken this half term.

HOMEWORK DUE DATE: Monday 13th May 2024

PIT STOP to review progress: w/b 6th May

Tick the box when you practise your times tables. Try to practise at least 3 times a week

	1 st April			8 th April			15 th April			22 nd April			29 th April			6 th May		
Times table practise																		

	2 POINTS	4 POINTS	6 POINTS	8 POINTS	10 POINTS
I enjoy reading, writing and speaking. YOU MUST COMPLETE AT LEAST ONE ACTIVITY FROM THIS ROW	Practise your spelling-shed assignments at least once a week.	Write a speech/poster persuading others to walk/scoot/cycle to school instead of driving.	Write a book recommendation for the class.	Write a speech to persuade the government to give us another bank holiday. You must have a good reason!	Write a narrative about living at the base of a volcano when, dramatically, it erupts!
I enjoy being mathematical and scientific. YOU MUST COMPLETE AT LEAST ONE ACTIVITY FROM THIS ROW	Find out how many crème eggs you could fit around the base of a volcano of your choice.	Add up the items on a receipt – did you get the correct total? What if there was 10% off?	Create a piece of artwork using reflections and/or translations.	Create a treasure map using coordinates.	Research and create top trumps about the different planets in our solar system.
I enjoy being creative, painting, drawing and visualising.	Create a thank you card for someone in your life.	Create a self-portrait in the style of Paul Klee.	Write a rap all about a volcano erupting.	Design an exhibit for the Chelsea flower show.	Create your own 3D solar system model with facts.
I enjoy being active and doing hands-on activities.	Take photos or draw yourself doing various sports.	Learn how to say a phrase or song in BSL (British Sign Language) for Deaf Awareness Week.	Create your own dance routine to your favourite song. Include a healthy snack to be eaten after the workout.	Design and build a gravity defying machine out of paper and scraps.	Design and make a 3D volcano – you can make this from lego, clay, papier-mâché, cake...!
I enjoy finding out about the world around me.	Find out 10 historical events that happened in May.	Find out the history of 5 place names in the local area.	Research a famous conspiracy such as one held by people about the moon landings being fake.	Research a famous volcano and make a fact file.	Research and create a PowerPoint on a subject you are interested in.
