

Year 6 Home Learning Autumn 2 – Luminous ‘Christmas’ Lights

- Children will be set weekly homework by the teacher over this term to help them prepare for secondary school and end of year assessments.
- Reading daily and recording it in the reading journal is still expected.
- The following activities are an optional extra and will be marked and rewarded at the end of half term as usual
- Continue to practice your times tables or spellings. Try to practise at least 3 times a week

Homework Due Date: Monday 16th December

	w/b 11 th November	w/b 18 th November	w/b 25 th November	w/b 2 nd December	w/b 9 th December

I enjoy being creative, painting, drawing and visualising.	With your family, go out and find an object in nature. Make a careful pencil sketch of what you find.	Stars are a symbol of Christmas. Create a star in and colour ready to go on the school Christmas trees.	Plan and create your own graffiti wall art – what symbols, colours and designs would you include?	Use your sewing skills to make a Christmas decoration for our class. Photograph the stages involved.	Make a 3D model of a Christmas scene. This could be a: <ul style="list-style-type: none"> • Nativity scene • Victorian Christmas • Your own Christmas • Hogwarts
I enjoy being active and doing hands-on activities.	Paint a rock and hide it in the local environment for someone else to find. Photograph it when you have found a hiding space for it! Include something positive (a picture or affirmation) to make someone smile.	Go for a walk around your local area and see how many lights you can find. What different types are there?	Research a Victorian Christmas recipe. Make this for your family (with help) and take a photograph. Get one of your family members to review it!	Research a dance style and learn how to do at least 3 of the moves for this type of dance. Teach it to someone at home or teach the class your dance.	Practise and improve in a sport that you do or would like to do outside of school. Write a detailed description of how you play it, what equipment is needed and what it was like.
I enjoy finding out about the world around me.	Annotate a world map or map of the UK with all of the places your family and friends have visited.	We are learning about light this half term, find out how many different types of lights you have in your house and categorise them according to the function.	Research Christmas around the world. You could draw and label a map with all the facts, present your information on Powerpoint or design a poster to share with the class.	We support ‘Guide Dogs for the Blind.’ Research the charity: when and why it was started, how the dogs are trained and the impact they have on people’s lives.	Research either the Incas or Aztecs, two other ancient civilisations of Southern American. Create a fact file of the similarities and differences to the Mayans.
