

Year 5 Home Learning Autumn 2 – Monarchy

- Children should complete at least 20 points worth of home learning. They can record their activities in their home learning book.
- They must complete at least one activity from ‘I enjoy reading, writing and speaking’ and ‘I enjoy being mathematical and scientific’.
- Photographs of practical projects are welcomed and can be incorporated into their book if you wish to do so.
- Please shade in the projects that you have undertaken this half term.
- Tick the box when you practise your times tables and Spelling Shed. Try to practise at least 3 times a week. **HOMEWORK DUE DATE: Monday 15th December**

	w/b 10 th November			w/b 17 th November			w/b 24 th November			w/b 1st December			w/b 8 th December		
Times table Practice															

	2 POINTS	4 POINTS	6 POINTS	8 POINTS	10 POINTS
I enjoy reading, writing and speaking. YOU MUST COMPLETE AT LEAST ONE ACTIVITY FROM THIS ROW	Take a “selfie” (a photo or draw a picture of you in front of your bookshelf)	Choose 5 extremely formal (posh) words and use them as much as possible when you talk to people. Record which ones you used and a sentence you said.	Create a new front cover for your favourite book.	Write a book review about the book you are reading or one you have recently finished.	Watch this video - https://www.youtube.com/watch?v=uwbil5puqng and create a narrative from Phillipe Petit’s perspective. (He is a famous tight rope walker).
I enjoy being mathematical and scientific. YOU MUST COMPLETE AT LEAST ONE ACTIVITY FROM THIS ROW	Complete at least 2 sound checks on your Times Table Rockstars account.	Cook either a fried or poached egg (with an adult to help you) and watch how the properties of the egg change. Take photos or draw pictures and record this into your book.	Find a recipe for a food item from another culture. Apply your measuring skills to follow a recipe to make this item. Photograph the stages involved and feel free to bring in your finished product for a tasting session!	Create a rap about one of the times tables. Write the rap into your book so you can perform it in class if you are feeling brave!	Research and explain the ‘Fibonacci sequence’ and then create your own ‘secret’ number sequence.
I enjoy being creative, painting, drawing and visualising.	Design your own coronation outfit. Label each part and explain what materials you would use and why?	Create your own autumn inspired piece of art work.	Create your own royal portrait. What items will you include to symbolise your reign?	Create a 3D model using varied materials (recycled ideally) representing the Magi.	Create your own home for a monarch. Decide which royal will live there and what time period it is from?
I enjoy being active and doing hands-on activities.	Take a photo or draw a picture of you and your family or friends being active and write a description of what you were doing.	Use your happy breathing at least 3 times a week for 3 weeks and record how it made you feel.	Go on a nature walk somewhere new. What part did you like the best?	Produce a poster to promote the importance of exercise and healthy eating. Are there any new sports which you can introduce on the poster?	Create a ‘Joe Wicks’ style HIIT workout with at least 10 moves.
I enjoy finding out about the world around me.	Translate the lyrics of your favourite song into another language.	Research and record how school is different in another country.	Produce a fact file about poppies and explain why they are important, what they symbolise and who introduced them.	Research and produce a fact file to explain how Christmas is celebrated in different countries around the world.	Design a leaflet about the Magi. Who were they? Why were they important in the Christmas story? Why did they give gifts to Jesus? What did they prophesise about his life?
